**Material Aspects of Relationship with Venues**

When we route orders, we may receive payment for order flow, a standard industry practice where brokerage firms receive a small per-share rebate when an order is executed or a share of the market makers or market centers revenue for processing those orders. In addition, we may also receive compensation that is not directly related to specific per-share amounts from market centers but based instead on the overall quantity and/or type of order flow presented to the market center.

**NASDAQ**

JH Darbie & Co, Inc. receives payment from NASDAQ for directing order flow to NSDQ. Payment is variable based on the size and spread in the security at the time of order execution. Payment is reduced or eliminated on price improved orders.

Payments received from NASDAQ averaged less than \$0.002 per share for the current quarter.

**Virtue Financial**

JH Darbie & Co, Inc. receives payment from Virtu Financial for directing order flow to Virtu Financial. Payment is variable based on the size and spread in the security at the time of order execution. Payment is reduced or eliminated on price improved orders. payments received from Virtu Financial averaged less than \$0.002 per share for the current quarter.

**Citadel Execution Services**

JH Darbie & Co, Inc. receives payment from Citadel Execution Services for directing order flow to Citadel Execution Services. Payment is variable based on the execution price of the security at the time of order execution. Payments received from Citadel Execution Services averaged less than \$0.002 per share for the current quarter.
